

REACH Declaration

Zebra Technologies recognizes the importance of understanding its environmental responsibilities and complying with applicable laws and regulations to minimize adverse effects on human health and the environment.

Zebra's Global Environmental Compliance Specification ([CPZ-CE-010](#)) details substances that are banned, restricted, targeted for reduction in the future, or required to be reported in its products and product packaging. This Environmental Specification is integrated into Zebra's design guideline requirements, and product development processes. It is further included in Zebra supplier requirements and is available online (www.zebra.com/compliance-scf).

The European Chemicals Agency (ECHA) manages the REACH regulation 1907/2006, including the candidate list of substances of very high concern (SVHC), and Annex XVII listing restricted substances. Article 33 of REACH requires a supplier of articles containing a listed candidate SVHC in a concentration above 0.1% weight by weight (w/w) to provide the recipient with sufficient information, available to the supplier, to allow safe use of the article including, as a minimum the name of that substance.

Products that may contain an SVHC are safe when used as intended, and in accordance with the applicable usage instructions.

REACH Declaration for Zebra Technologies' Product(s):

Wax Ribbons:

2000 High-Performance
2100 High-Performance
2300 Standard
5319 Performance
6000 Standard

Wax/Resin Ribbons:

3200 High-Performance
5555 Standard
6100 Standard

Resin Ribbons:

4800 Standard
5095 High-Performance
5100 Premium
6200 Standard
Image Lock

The product number(s) listed above do not contain any Substances of Very High Concern (SVHC) per the updated list released by ECHA on January 16, 2020 (205 substances).
