

## TECHNICAL DATASHEET

### RLKZ-refs

| Reference | Dimensions<br>Width x Length in cm | Number/box | % recycled<br>content |
|-----------|------------------------------------|------------|-----------------------|
| RLKZ1     | 6 x 8                              | 600        | 80                    |
| RLKZ49    | 8 x 10                             | 600        | 80                    |
| RLKZ12    | 8 x 12                             | 600        | 80                    |
| RLKZ51    | 10 x 12                            | 900        | 80                    |
| RLKZ21    | 10 x 16,5                          | 800        | 80                    |
| RLKZ30    | 10 x 20                            | 600        | 80                    |
| RLKZ40    | 12 x 18                            | 600        | 80                    |
| RLKZ29    | 15 x 15                            | 600        | 80                    |
| RLKZ22    | 15 x 20                            | 600        | 80                    |
| RLKZ24    | 15 x 25                            | 300        | 80                    |
| RLKZ9     | 16 x 22                            | 300        | 80                    |
| RLKZ41    | 18 x 25                            | 400        | 80                    |
| RLKZ31    | 18 x 30                            | 300        | 80                    |
| RLKZ33    | 20 x 20                            | 350        | 80                    |
| RLKZ42    | 20 x 25                            | 300        | 80                    |
| RLKZ48    | 22 x 28                            | 300        | 80                    |
| RLKZ58    | 22 x 31                            | 200        | 80                    |
| RLKZ32    | 22 x 36                            | 200        | 80                    |
| RLKZ23    | 23 x 32                            | 200        | 80                    |
| RLKZ34    | 25 x 25                            | 225        | 80                    |
| RLKZ25    | 25 x 30                            | 300        | 80                    |
| RLKZ43    | 25 x 35                            | 200        | 80                    |
| RLKZ52    | 25 x 40                            | 150        | 80                    |
| RLKZ35    | 30 x 30                            | 150        | 80                    |
| RLKZ27    | 30 x 40                            | 200        | 80                    |
| RLKZ55    | 30 x 45                            | 150        | 80                    |
| RLKZ36    | 35 x 35                            | 125        | 80                    |
| RLKZ44    | 35 x 45                            | 150        | 80                    |
| RLKZ28    | 35 x 50                            | 100        | 80                    |
| RLKZ37    | 40 x 40                            | 90         | 80                    |
| RLKZ54    | 40 x 60                            | 75         | 80                    |
| RLKZ46    | 45 x 70                            | 60         | 80                    |
| RLKZ62    | 50 x 50                            | 80         | 80                    |
| RLKZ64    | 60 x 70                            | 60         | 80                    |
| RLKZ65    | 80 x 100                           | 25         | 80                    |
| RLKZ66    | 100 x 120                          | 25         | 80                    |

## Composition/information on ingredients

Name: Polyethylene

CAS Number: CAS026221-73-8

## Technical information

| Technical properties | Unit              |                      | Tolerances       |
|----------------------|-------------------|----------------------|------------------|
| Thickness            | mm                | 3<br>10              | ±10%             |
| Density Film         | g/cm <sup>3</sup> | 0,92 – 0,93          | -                |
| Surface weight       | g/m <sup>2</sup>  | dependent on quality | ± 5%             |
| Layers               | Amount            | 2-3                  | -                |
